WORK EXPERIENCE

University of Washington

Seattle, WA

Student Technology Loan Program Lead

October 2025 - Present

- Collaborated effectively within a student-led program of **18** to serve around **4,000** students each academic year by lending laptops, tablets, cameras, etc.
- Managed an equipment inventory of over **2,000** items and the program's logistical operations, including scheduling, training, and hiring
- Oversaw the fiscal year budget of over **\$500,000** to meet the program's needs and ambitions
- Led the year-long migration of the program's legacy management system into the **Cheqroom** platform
- Provided professional communication via telephone, electronic correspondence, and in-person, while demonstrating tact, patience, friendliness, and knowledge

Spacelabs Healthcare

Snoqualmie, WA

System Administrator Intern

June 2026 – September 2026

- Wrote a **PowerShell** script that was deployed with **GPOs** in **AD** to collect host info into a network shared CSV file
- Wrote another script that manages an Excel spreadsheet of active equipment from a console
- Reduced the imaging lifecycle of laptops to under five minutes by setting up a FOG server to capture and deploy images from the network
- Built a sandbox domain controller with **VMware** and Windows Server 2022 to test access controls
- Responded to R&D developers and troubleshoot IT tasks in a Windows and Linux environment
- Configured network connectivity for R&D users with a Cisco Catalyst 9000 Series Switch

Spokane Cyber Cup

Spokane, WA

CTF Cybersecurity Competition

February 2026

- Collaborated with a team of five to solve cybersecurity challenges in a competitive and timed environment
- Finished in **4th** place out of **47** teams competing
- Learned cybersecurity fundamentals in offensive and defensive security (i.e., web exploitation, cryptography, etc.)

PROJECTS

Web Scraper/Personal Portfolio Website

October 2026

- Wrote a **Python** program with the **Beautiful Soup** library that scrapes information from a website and loads it into a CSV file
- Tested my program by creating my own portfolio website with **HTML** and **CSS**

EXTRACURRICULARS

Activities: Batman's Kitchen (Cybersecurity Club), Sayaw (Filipino Folk Dance Troupe)
