WORK EXPERIENCE

UW Academic Strategy & Affairs

Seattle, WA

Student Technology Loan Program Assistant

October 2025 - Present

- Gained operative knowledge of program procedures and an equipment inventory of more than 2000 items
- Collaborated effectively within a student-led program to serve around 4000 students each academic year
- Provided professional communication via telephone, electronic correspondence, and in-person, while demonstrating tact, patience, friendliness, and knowledge
- Worked independently and used available resources to solve problems in a fast-paced work environment
- Maintained a positive, helpful, and professional demeanor with program customers

Spokane Cyber Cup

Spokane, WA

CTF Cybersecurity Competition

February 2026

- Collaborated with a team of five to solve cybersecurity challenges in a competitive and timed environment
- Finished in 4th place out of 47 teams competing
- Learned cybersecurity fundamentals in offensive and defensive security (i.e., web exploitation, cryptography, etc.)

Seattle HOT Chocolate Run

Seattle, WA

Race Volunteer

February 2026

- Served hundreds of runners hot chocolate and snacks in a friendly and organized manner
- Carefully followed instructions from the volunteer coordinator to manage my station as efficiently as possible
- Consistently greeted runners in a fast-paced environment

LEADERSHIP ACTIVITIES

Batman's Kitchen, Cybersecurity Club

September 2025 - Present

- Learned various cybersecurity tools such as Linux, VS Code, and Burp Suite
- Competed in three capture the flag cybersecurity competitions and solved challenges by searching for resources online and asking questions to experienced members

Mount Si High School Math Program, Math Tutor

January 2025

- Helped high school students succeed in their math tests by tutoring in Geometry, Algebra, and Calculus
- Tracked progress with regularly attending students by showing up twice a week and assisting them with their homework
- Communicated with math teachers to find targeted areas of study with each student
